Dean/Principal/Director

प्रति,

१. वरील सर्व संबंधितांस.

सदर समितीचे कर्तव्य व जबाबदा-या खालीलप्रमाणे असतील-

1. Review and Approval of Research Proposals:

Ethical Evaluation: Assess research proposals to ensure they meet ethical standards and protect the rights, safety, and well-being of participants.

Scientific Merit: Evaluate the scientific validity and relevance of the research.

Informed Consent:

Documentation: Ensure that informed consent is properly obtained and documented.

Clarity and Comprehension: Verify that consent forms are written in understandable language and that participants are fully informed about the study's purpose, procedures, risks, and benefits.

Monitoring Ongoing Research:

Periodic Review: Conduct regular reviews of ongoing research to ensure continued compliance with ethical standards.

Safety Monitoring: Oversee safety data and adverse event reports to protect participants from harm.

Conflict of Interest Management:

Disclosure: Ensure that researchers disclose any potential conflicts of interest.

Mitigation: Implement measures to manage and mitigate conflicts of interest.

Confidentiality and Data Protection:

Participant Privacy: Ensure that research data is handled with strict confidentiality.

Compliance with Regulations: Ensure compliance with data protection regulations, such as GDPR or HIPAA, where applicable.

2. Education and Training:

Research Ethics Training: Provide training and education on research ethics and good clinical practice to researchers and staff.

Updates on Guidelines: Keep the research community informed about updates in ethical guidelines and regulations.

3. Documentation and Record-Keeping:

Maintain Records: Keep detailed records of all research proposals, approvals, amendments, and reviews.

Compliance Audits: Facilitate audits and inspections by regulatory authorities.

4. Ethical Guidance and Policy Development:

Guideline Development: Contribute to the development of institutional policies and guidelines on ethical research practices.

Advisory Role: Serve as an advisory body to the institution on ethical issues in research.

5. Ensuring Regulatory Compliance:

Adherence to Laws: Ensure that research complies with national and international regulations, such as those from the FDA, EMA, or local regulatory bodies.

Ethical Standards: Align with ethical standards set by organizations like the Declaration of Helsinki or the Belmont Report.
